

A close-up photograph of several purple crocus flowers and buds emerging from a layer of white snow. The flowers have vibrant purple petals and green, sword-shaped leaves. The background is a soft, out-of-focus white, suggesting a snowy landscape.

# Goals for WOTP Mentoring Community of Practice

- Develop a network of teachers who are comfortable sharing their experiences and teaching practices with each other, in the service of building a strong knowledge base for WOTP across the province.
- Provide the opportunity for teachers to visit each others' classrooms, either in person or virtually.
- Create a common forum for evaluating resources and learning together. We believe in the power of professional development **by** teachers **for** teachers.

# WOTP Mentoring is successful because of the active participation of ALL of you: the most amazing teachers in the province!

# Share with a Colleague

- Find colleague with the opposite colour name tag.
- Share a bit about how the year with your class has unfolded so far. What has worked well? What could have gone better?
- What do you know/understand about the WOTP now that you wish you had known back in September?
