Observation of Cross-Curricular Competency Development

Methodological CCC:
To Adopt Effective Work Methods

Date _____ Subject _____

Name _____

_____ demonstrates competency development in a variety of contexts. ▼
(Student's Name)

Key Features	In the classroom…	Context 1 ▼	Context 2 ▼	Context 3 ▼
Considers all aspects of a task ▶ Adopts the objective and evaluates its complexity ▶ Identifies the available resources ▶ Imagines various ways to carry out the task ▶ Reflects on the best way to perform it ▶ Plans how to carry it out	The student understands the task and the requirements of carrying it out effectively. He or she can list the resources that can be drawn upon to complete the task. After considering different approaches, the student decides on the most appropriate means to reach his or her goal. Finally, the student is able to develop a plan that will help him or her to manage the process.			
Adjusts his/her approach ▶ Employs the necessary resources: people, materials, time, etc. ▶ Adapts his/her work method to the task and the context and readjusts his/her actions as required ▶ Completes the task	During the course of his or her work, the student demonstrates the ability to assess his or her progress and make the necessary adjustments.			
Analyzes his/her procedure ▶ Examines the procedure used ▶ Recognizes what was effective and what worked less well ▶ Assesses the requirements of the task ▶ Imagines contexts in which the approach could be reapplied	The student reflects on his/her process and determines what worked, what did not and what could be improved in future assignments.
